

FOR OVER A CENTURY, THE CLINTON COMMUNITY HALL HAS BEEN OUR GATHERING PLACE

2022 MEMBERSHIP DRIVE

Now is the time to renew your membership for 2022 or join us and become a new member.

Memberships are a significant source of the funds necessary to keep this community institution viable.

The past two years have been especially challenging, since we have not been able to use the hall as intended – as a gathering place for our community. The board has taken advantage of this ‘time off’ to invest in the long-term viability of the hall through a series of infrastructure upgrades. A new roof is just the most visible of these efforts.

Even in the midst of the pandemic, our community has come through in their support for the hall, through both memberships and donations. In 2021, our membership grew to 225 members! We hope in 2022 even more of you join us.

As we have not been able to rent the hall for most of the past two years (previously a significant portion of income), memberships and donations are even more critical. We invite all to become members and join us. If you would consider donating beyond the cost of a basic membership, your additional support is most appreciated.
